

Aspire. Achieve. Succeed

The Old Camdenians

Sept News

School is out

The whole of Class 2013 to 2018 has now left Holloway to continue some educational activity until the age of 18. There are a few options open including doing "A" Levels in the 6th Form as well as undertaking vocational subjects at College or taking up an apprenticeship.

As Holloway no longer has a 6th Form it is a clean break from their educational home of the last 5 years. The GCSE exams this year saw a move to the 1 to 9 rating with 4 a pass and 9 the top mark. Unlike recent years the course work was no longer considered when evaluating the final marking.

On Aug 23rd they all attended the school to receive their exam results and included in the envelope was a letter from the Head, Alan Streeter, welcoming them on becoming new Camdenian members. George Panayi was on hand to provide a potential link from pupil to Camdenian.

Head boy Exauce Mombale and head girl Lara Julia de Biasi have been invited to attend the Lunch on October 26 together with 8 other ex-Holloway School pupils. So come along and meet our new Camdenians.

Lunch

Numbers are growing and the last news sheet had a soccer pic from 1962 and we now have 3 of that squad coming to the lunch.

So here is another old sports picture to tempt some to reconnect with old team mates. This is the school cricket team from 1959.

Some names already booked for the Lunch illustrate the width of support that include:-

Mann, Warwick, Scott, Clayton, Pinker, Embleton, Magee, Wade, Thomas, Sumpter, Heliczner, Adams, Broome, Jaquite and Hamer, to name but a few.

The Class of `64

To move away from the sports teams we received this great pic from Mike Hendon who was part of a Holloway School band in 1964. They meet up at the Lunch and have released this CD some 60 years on. You may well recall their names: Allen, Denyer, Ling and Murphy.

So come on the Class of 64-let`s see you all in October.

50+ Club

Through the hard work and generosity of George Ives and other members of the 50+ Club the school has benefitted over the years. It is as a major source of fund raising with the results published each month in the OC web site.

Please contact George Ives if you wish to participate.

Gallery

We are making an effort to post old pics in the Gallery section of the web site. Please have a look around the site for some new photos and also notes and commentary about the 2017 Lunch as well as copies of the News sheets.

Bob Hartley also searched his attic and came up with a 1964 cricket records sheet. Anyone who played cricket up to this date may well find themselves in the record books and included in this sheet. It is in the Gallery section of the web site. Please send in your old pictures of teams and events so we can add them to this growing set of pictures.
