**As you all know the Reunion Lunch arrangements include the AGM and this year we have something to tell you all that we think is most exciting.**

We have been left a modest legacy from a notable Old Camdenian

Bill Wraight and his wife Nora.

During the summer we have had much interaction with experts in the fields of finance and charitable trusts.

After a great deal of investigation and discussion we are now ready to tell you all about it and how we propose using these funds in the years ahead.

Be there to hear the news and to be part of maintaining and fostering the heritage of the Old Camdenians.

In addition we will be telling you about another sporting initiative that will reflect the passion that Bill had in this area.

We are having a serious issue with e mail and thus Newsletter distribution, but we are working on finding a solution.

For those who can remember, this is a time when the TV started to show an Interlude with perhaps sheep moving gently over the fields.

Normal service will be resumed shortly.

Alan Shearn
